

Interactive comment on “Dominant patterns of interaction between the tropics and mid-latitudes in boreal summer: Causal relationships and the role of time-scales” by Giorgia Di Capua et al.

Giorgia Di Capua

dicapua@pik-potsdam.de

Received and published: 3 June 2020

Dear anonymous reviewer,

please find as supplement of this message a preliminary short response to the main issues arisen by both reviews.

I look forward to your further comments and suggestions on our work,

Kind regards,

G. Di Capua
